

Multiple Telephone Lines within a Residence

July 2018

The HM Bulk Plan includes one (1) telephone line. Any extra telephone lines must be ordered during the individual account set up call. If the lines are Business or Commercial Lines* tell the Agent at the Call Center. If you wish to keep the telephone numbers on the additional telephone lines residents must make arrangements through Verizon to “port” (or keep) those phone numbers during the individual account set up.

*You may have to make arrangements for any Business or Commercial Lines through Verizon’s Business Office.
